

FOR IMMEDIATE RELEASE

**PC Laptops Announces Four New Lease Signings
and its Store Expansion Plans Along the Wasatch Front**

Second phase of its expansion plans sees PC Laptops opening new stores in Layton and Salt Lake City, moving to a new location in Murray, expanding in Orem and remodeling in Riverdale

SOUTH JORDAN, Utah - March 15, 2006 - PC Laptops today announced several significant changes, build-outs and remodelings for its stores in Davis, Salt Lake, Utah and Weber Counties as it shifts into the second phase of its recently announced expansion.

PC Laptops has signed four new leases in Utah representing three new store locations in Utah: one in Layton, one in Salt Lake City and one in Murray (a few doors down from its current location), as well as a fourth new lease in Orem (where the existing PC Laptops store location will be expanded into an adjacent space).

Specifically, PC Laptops will open a store in Layton at 2984 North Hill Field Road, the former location of the Totally Awesome Computers (TAC) store. This PC Laptops store should open quickly as there are only minor structural changes that need to be made before it can open its doors.

Additionally, PC Laptops has signed a new lease to take over the former TAC location in Salt Lake City at 745 South State Street. The new PC Laptops store will be the second PC Laptops location in Salt Lake City and will have ample room for storage and tech space in its 7,600 square-foot floorplan.

"Each of these new, and in some cases expanded, locations will enable us to better meet the needs of our growing customer base," said Dan "The Laptop Man" Young, president and founder of PC Laptops. "With the closing of TAC we saw a real opportunity to expand our facilities, giving us ample room to grow. All of these moves and adjustments are ultimately designed to make it easier for us to meet and exceed the needs of our customers as we build and service our new line of personal computers, which we think are a great fit for this marketplace."

PC Laptops has signed a new lease to expand its presence in Murray by moving its Murray store to the former TAC location just down the street at 5324 South State Street. The new space is roughly double the size of its former store and will better fit growing needs of PC Laptops' customers in the Murray area.

PC Laptops has also signed a new lease in Orem on space immediately to the south of its current location at 1985 South State Street, space previously occupied by a small floral shop. The expansion will effectively double PC Laptops' presence in Orem.

PC Laptops' store at 4080 Riverdale Road in Riverdale is also undergoing expansion and remodeling in connection with the company's expansion into the desktop computer marketplace.

No changes are scheduled or planned for PC Laptops' second store in Salt Lake City on 900 South or for the company's other Utah stores in Sandy or West Jordan, or for the company's store in Henderson, Nevada. Additionally, no grand opening or remodeling/expansion completion dates have been announced by the company.

About PC Laptops

PC Laptops focuses on delivering a high level of local, personal service to differentiate itself in a crowded personal computer market. The company sells industry-leading portable and desktop computers to customers around the world via its Web site (www.pclaptops.com) and toll-free number: 877-596-SAVE (7283).
